SELF-PROTECTOR. We were much gratified yester day by scening a Pocket Pistol, perfectly simple in its construction, at the range time effective. It was of a portable shape, and could be disclarged six times in a few seconds. By pulling the trigger only, discharged six times in a few seconds. By paring the objection hereto-it would cork and discharge at the same time. The objection hereto-fore against the Repeating Arms was their intricate complication of machinery, which made them liable to get out of repair, and some times dangerous to use. But this Pistol is certainly the best weapon of definice we have ever seen. The Self-Protector or Contingent Friend's can be seen by calling at Rolen's, 194 Broadway. For Tray-
